Vizecky noted it is at $13,135 after this check register amount and it is not likely any of this will be covered by FEMA. Vizecky noted next Wed. FEMA will be out to review the 2017 projects. The P4 form is the last step and has been submitted so we should expect funds in April. We borrowed money for the road improvements. Vizecky suggested to pay off the balance of the 2018 loan and part of the 2019 loan. Additional banks are looking for business and we may be able to refinance or cover the fire truck. A culvert on Bloomer Mill road was discussed to replace the culvert and add fly ash. The park foot bridge and the culvert may total $135,000. Candahl asked Vizecky to review the contractor and costs of the Holman and New Holland bridge in the newspaper last week. Ehler noted he is getting info on the Cashton. Vizecky would like to realign all the financing for the fire truck and the road projects, crack filling, drainage, etc. for a better interest rate this fall.

   For the FEMA 2018 requests it has 18 smaller projects for payment but they need to each be above $3,800 to be reviewed.
