1. Call to order at 5:03pm by Candahl.

2. Motion by Padesky/Candahl to approve the minutes with corrections for 11/27/18 Town Board meeting-see attached. Motion carried.

3. Motion by Padesky/Candahl to approve the SYB Account Open Payables report as presented through 12/18 of $563.94 - see attached. Motion carried.
   Padesky requested the ice machine at SYB be removed and any injury ice for SYB be purchased a bag at a time at Kwik Trip as needed or to go to the Annex for ice.
   Candahl suggested the ice machine be more useful at the Annex for the Fire Dept, Road Crew, and Town Hall needs. The ice machine produces quite a bit of ice for the small Ziplock bags used for injuries. Taking it out will increase the space available, reduce the energy use and the need for the storage room to be air conditioned. Vizecky to review with Weber and SYB and move the unit.

   Vizecky noted the Fire Dept now has a fuel account to track costs from Kwik Trip and also the Diesel tank on site.
   Board requested Vizecky review the use for the old dump truck box that was replaced. It could be sold or auctioned, sold as scrap metal, or used for parts for the additional dump truck boxes that may need repair.

5. Citizens Comments: Paul Gerrard Representative for Eagle Point Drive updated the Board on the progress to bring the private road up to Town Spec’s and be adopted by the Town. Vizecky commended Gerrard for all the foot work and neighborhood buy in. The core samples have come back and SEH noted they do meet Town road standards.
   Gerrard has given the neighbors a draft of the easement document and received verbal agreements. Extensive discussion held on the water flow of the road and the storm drain as well as any new curbing or rip rap along the road needed. This will need to be addressed next. Then Vizecky to review with Legal, La Crosse County, and the City of La Crosse for any approvals needed. Gerrard to obtain the 66’ foot right of way easements from all the neighbors and be given to the Town.

Neitzke’s new Explorer was just finished and is in service but it took several months. Two options for replacement were discussed for another Explorer or a 4-door truck. The repurpose uses of the vehicle after its service life for the police would be to the Road Crew or the Fire Dept and vary accordingly. Padesky requested quotes be compared and brought back to the Board for review.
